

# Bears Like Cake Too

By Bethany Saunders

Ronald the Bear lived  
alone in his burrow,  
with no friends or  
family to cuddle.

He longed for company  
and a jolly good laugh.  
So much that it broke  
his big bear heart in  
half.

All he had to eat was the  
leaves on the trees

Munch  
Munch  
Munch!

Was how he ate his  
lunch.

One day, Ronald heard  
the strangest sound...

‘Was it a bird or was it a  
hound?’

He thought as he listened  
at the door.

As he peaked through the hole, he couldn't believe what he saw.

## A PARTY!

With other animals, music and joy,  
He hadn't seen a party like this since he was a little boy!

Ronald looked at their  
happy faces and the joyful  
singing, and longed to be  
where they were.

But all he could think of is  
his knotty looking furr.

BRUSH

BRUSH

BRUSH

He had to get ready in  
rush!

Ronald the bear wants to have fun  
and play with friends, theres only one  
problem...

He has none.

Until one day, he meets some people  
who think hes rather odd.
